SOUNA ABDELAZIZE

software engineering

As a dedicated and detail-oriented professional with a strong foundation in JavaScript, React.js, and SQL, I specialize in developing dynamic and user-friendly web applications. With hands-on experience in both front-end and back-end development, I am adept at creating seamless and efficient solutions that meet client needs. I am passionate about staying updated with the latest industry trends and continuously enhancing my skills to deliver high-quality projects.
